

Saratoga Woods BBQ

There's nothing quite like Saratoga Woods.

Whether you are a past member, current member, or even a neighbor, you know how special it is to be around people who truly care about each other and their community.

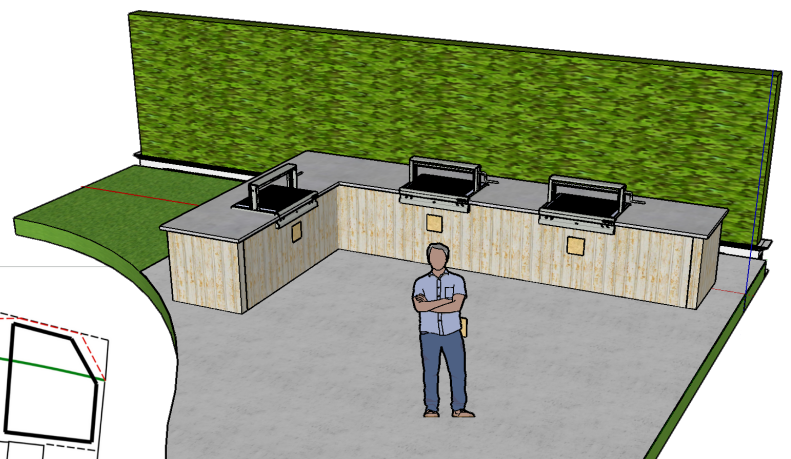

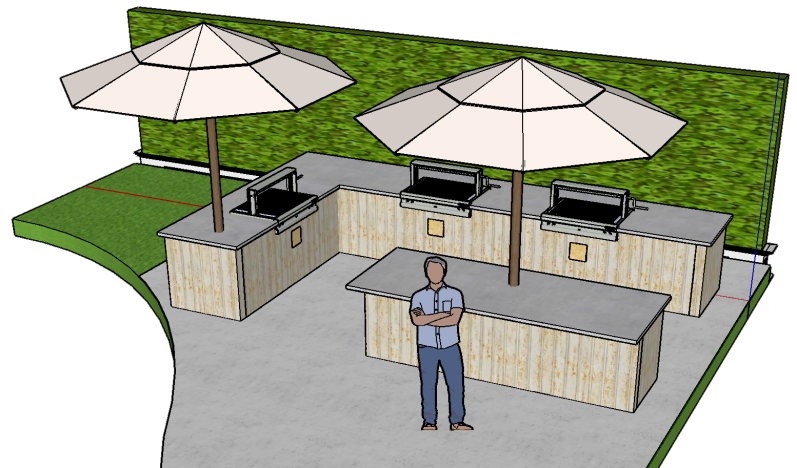

We want this to continue.

The water district is requiring our fence (and BBQ) to move and while we haven't been able to choose the timing of this, it does provide us an opportunity to improve our club for our kids, families, and the generations to come.

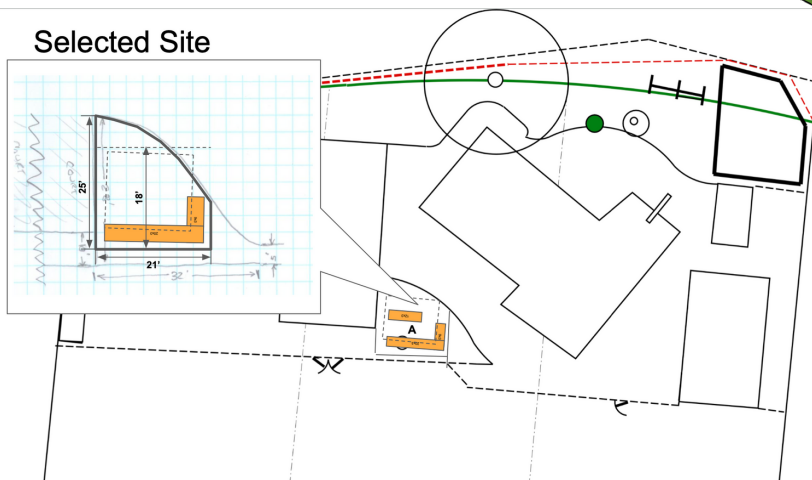

We need your help! As we are a non-profit and actively work to keep our fees as low as possible, we rely on the support of past and current SWCA members and neighbors to help us raise the necessary funds to replace the BBQ kitchen that has served us well for swim meets, club events, club rentals, and the occasional family poolside BBQ.

Please make your donation via check to SWCA and write BBQ in the memo.

Thank you for your support!
